## Superintendent's Corner

Hello Golfers,

It's a beautiful time of year, the Golf Course has really greened up nicely. The greens have recovered well from aeration a few weeks ago.

We have noticed the grass is growing at a fast rate, between the spring rain and more sunshine, it's really taken off. Our crews are now mowing daily and will start lowering our cut of the greens to mitigate the growth. Keep in mind with this fast rate of growth, we are seeing significant height difference from morning to afternoon.

We want to thank everyone for the support of our Youth Golf Clinic this past Saturday. It was great to see their enthusiasm to learn and grow their golf game. The future of golf is in good hands.

Thank you!
