## Weekly Update

It's that time of year again, with plenty going on around the Crescent Bar community. Our seasonal Newsletter is starting back-up.

Our irrigation systems are on and we are watering and starting to mow the grass in the Parks and Golf Course.

The Campground water is on to each campsite. Our weekends this time of year are pretty busy, so please give us a call or book online. It looks like Mother Nature wants to throw us curveballs. But, warmer temperatures will be here soon

We hope to see you soon!

- **Rec Season Golf Rates Apply**

## Superintendent's Corner

Hello Golfers,

April is here and the Recreation season has officially begun. Summer rates and hours are now in effect. The irrigation system has been up and running for the past two weeks and we are continuing to work through our usual Spring start-up fixes. The Course came out of winter very well, with minor snow-mold fungus. All sections of the grass are greening up nicely. We have started mowing as well and are working back into our weekly mowing schedule as the weather improves. Please remember to help us take care of the Golf Course, if you see something, please say something to us. The Pro Shop is Open 7-days a week, 9-5. We have started to crack down on the joy-riding happening on the golf course as the season approaches. One broken sprinkler can do a lot of damage and flooding. We appreciate all of our Golf Members and the support you show our Team and this beautiful course.

Next week we will be aerating our greens, Tuesday - Thursday. Please follow any instructions given to you by the Pro Shop staff and follow any signs posted on the course.

Another reminder, as Mother Nature likes to throw us curveballs, we are still getting below 40 temperatures in the mornings. So, please stay off the course until air temperatures have reached 40 degrees and check in with the Pro Shop for updates. Thank you again so much! We look forward to a great 2023 Golf Season.
