Weekly Update

Can you believe we only have 2 weeks left until Labor Day... Where has the time gone!? But, the Summer isn't over yet. We have open campsites on the weekdays the next two weeks. Now's a great time to make some last minute Summer memories. The weekends in September are filling up fast too, so make sure you get your reservation booked soon.

We are looking at hot temps the next few weeks with temperatures staying in the mid-90's. This is the best time of year to get out on the river.

Superintendent's Corner

As most of you have noticed Green #7 has been closed for the last few weeks. We are continuing to diagnose the flooded area in front of the green. With this area being a low spot for water collection and a potential broken pipe, it's been frustrating to say the least. As of last week, we started trenching from in front of the green to the west towards the poplar trees to create a 'French drain' to help with the water drainage. We expect Green #7 to be Open later this week.

We are working on Tee box #6 as well, tying in some new lines to get the sprinklers operational, as we have been doing manual watering. Similar to Tee box #3, we are working to fix the sprinklers there and have been manual watering as well.

As many of you know our Golf Course irrigation system is 60+ years old and each year creates new challenges. We want to thank everyone for your patience the past month. We plan on having the issues fixed by the end of the month and getting the course in preparation for the September Golf Tournaments.

Thank you again!
