DATA FROM THE WEATHER CHANNEL: CRESCENT BAR, WA 98848

## Weekly Update

Gotta love Summer! We are going to have extreme temperatures this week, above 100 degrees each day, with lows only getting into the 70's at night.

It's also Watershed Festival weekend and we will see a lot of people out and about. As many of you have seen, the beaches have been very busy all week and late into the evenings. Please remember to plan ahead, arrive early to get your parking spaces.

Please remember to be safe this week as heat exhaustion can easily set in if you aren't staying hydrated. Drinking plenty of water and electrolytes.

## Superintendent's Corner

Golfers,

Another heat wave is on its way this week. Temperatures could reach upwards of 110 degrees on Thursday, so be prepared! This weekend you can expect some extra traffic around all of Crescent Bar, including the golf course since its Watershed weekend at the gorge. The earlier part of the day is great time to get out and hit the course. Just remember to use the honor box and if you're a member we ask that you still check in with the pro-shop (open at 8 am) sometime after your round.

Our greens and fairways are done watering around 8 am every morning, and though we are here early we are usually still mowing greens past that time, so please be patient and golf around our greens mower if you are starting early.

Stay hydrated and enjoy the course!

Porter Hodges
