Weekly Update

Can you believe that we are already into June!? The weather hasn't been great on the weekends recently. We've had some great weather on the weekdays though. We had 3 lightning closures this past weekend. FYI, anytime we have lightning strikes within 6 miles of the Recreation Area we do close the Parks and shelter in place.

We do have some fun events coming up! We had our 1st North Central Regional Library - Bookmobile event today at Riverbend Park. They will be visiting us on Monday's throughout the Summer.

We also have our first Night Golf of the Season coming up on June 18th, call the Office to signup.

Superintendent's Corner

Golfers,

Mother nature unleashed some fury this weekend. I'm glad to say that everything is in good working order after the storm on Sunday. The course has greened up beautifully and we have a head start on some of our dryer areas. We will still be throwing plenty of water at the course in preparation for summer heat, which should arrive eventually!

Night golf will be taking place on Saturday the 18th of this month with a shotgun start at 9:30 pm. It's a good idea to show up early to check in, receive your glow golf balls and which tee you will be starting at. It's an even better idea to wear long sleeves; the mosquitos come out after the sun goes down. The pins will be lit and there will be lights defining greens, fairways and even bunkers. It's a ball of a time so get signed up while you still can!
